# Sapphire Gas Fire

# Looks Good, Feels Good

## Sapphire Gas Flame Fire

The stylish and versatile Sapphire has been given a beautiful, new look. The Sapphire now includes a new log set that provides a fresh and improved flame. The aesthetic quality of the burner box has also been improved and now includes ceramic liners, making the Sapphire even more visually appealing. This subtle improvement to the Sapphire maintains the inviting, cosy warmth of an open fire, but without all the bother that goes with it. With inbuilt and freestanding options available, the Sapphire Gas Log Fire is designed to enhance the feel of any living area.

## Features

- High 4.0 Star energy efficiency
- Powerful 6.97kW heat output suitable for heating large open plan areas
- Log set that provides a new and improved flame picture
- Instant heat source with the ambience and glow of flickering flames
- Inbuilt and freestanding models
- Easy to use remote, with room temperature display and flame control
- Available in 5 stylish fascia options: stainless steel on black, stainless steel, black, classic silver or classic bronze
- Stylish glass dress guard for protection

\*10 Year pro rata heat exchanger warranty, see back page for more info.

*Black Inbuilt*

*Stainless Steel Freestanding Plinth*
