# Experience our innovation

Rinnai are proud to introduce the latest addition to our comprehensive range of hot water systems, the Hotflo 10. This compact appliance will deliver 10 litres per minute of hot water, ideal for replacement of current systems or low demand hot water applications. No power is required to operate the unit, making it an ideal solution for areas with unreliable or no power.

Our renowned Rinnai innovation has inspired this product, which features our unique Puretemp™ temperature stability technology – eliminating hot and cold temperature fluctuations common in older generation hot water systems.

Class leading gas efficiency and a comprehensive warranty makes the Hotflo 10 the obvious choice for your next hot water replacement.
