Panel Heaters**

Electric Panel Heaters

The Rinnai premium range of Electric Panel Heaters are a simple and effective, easy to install source of heating. These heaters have been designed to provide an abundance of heat for bedrooms and living areas with a modern feel to suit all homes throughout Australia. Equipped with great features such as WiFi enabled control, 24 hour on/off timer, overheating shutoff feature for added safety and a sleek curved glass front panel to suit any décor. All backed by a 7 year warranty. Available in 3 sizes to suit all applications.

Features

- Curved Tempered glass front panel with a slimline design
- WiFi Enabled – Voice control via Google Home and Amazon Alexa available
- Wall mounted or portable. All heaters have the option of wall brackets or freestanding metal feet
- Electronic Thermostat with digital display
- Overheat protection for added safety
- Programmable 24hr timer – use the delay timer function so you never forget to turn off the heater again
- Ideal for bedrooms or small living spaces
- 7 year warranty*
