FEPHB Electric Panel Heaters

The new Rinnai FEPHB Electric Panel Heater range delivers simple, reliable heating for bedrooms and small living spaces. Designed to suit Australian homes, these heaters provide efficient and even warmth in a slimline, contemporary design. Additional features such as thermostatic temperature control, a programmable 24-hour timer and overheat protection provide ease of use and peace of mind. Quiet in operation and available in multiple sizes, the range is backed by a 7 year warranty* for long-lasting performance.

Features

- Wall mounted or portable. All heaters have the option of wall brackets or freestanding castors.
- Thermostatically controlled – set and forget at your favourite temperature.
- Slimline design with overheat protection, providing safety with a quiet operation.
- Programmable 24hr timer - use the delay timer function so you never forget to turn off the heater again.
- Lightweight for easy installation in your bedroom or small living space.
