# Electric Panel Heaters

## Electric Panel Heaters

The Rinnai Electric Panel Heater is the latest solution for simple and effective heating. These heaters have been designed to provide an abundance of heat for bedrooms and living areas with a modern feel to suit all homes throughout Australia. Equipped with great features such as a 24 hour on/off timer, overheating shutoff feature for added safety and a perforated design to disperse air evenly all backed by a 7 year warranty. Available in 3 sizes to suit all applications.

### Features

- Wall mounted or portable. All heaters have the option of wall brackets or freestanding castors
- Thermostatically controlled – set and forget at your favourite temperature
- Overheat protection for added safety
- Programmable 24hr timer - use the delay timer function so you never forget to turn off the heater again
- Light weight for easy install
- Ideal for bedrooms or small living spaces
- Slimline design with silent operation
- 7 year warranty\*
