

## Rinnai J Series

Australian homes not only vary in shape and size but have unique comfort requirements. With market leading efficiency, superior airflow and built in Wi-Fi and voice control The Rinnai J Series Inverter Split System powerfully delivers heating and cooling all year round - no matter where you call home.

Excellent efficiencies are only just the beginning. The Rinnai J Series indoor unit boasts a new sleek and contoured white matte finish. The quiet outdoor unit features a robust, yet compact design, reducing outdoor space requirements, minimising the impact to your home.

### Smart by design

For over 50 years, Rinnai has supplied Australian homes with a range of appliances that help people lead comfortable, safe and efficient lifestyles. The J Series range boasts a sleek and contoured, white matt finish indoor unit.

#### Market Leading Efficiency

The J Series range offers lower running costs with up to 9 star energy efficiency, without compromising on power and performance\*.

#### Ultimate Control

Take comfort to the next level with inbuilt Wi-Fi and Voice control to manage your favourite settings via Smartphone, Google Assistant and Amazon Alexa.

#### Long Distance Airflow

Powerful airflow to reach distances of up to 15 metres for superior air distribution.

#### Demand Control

Equipped with demand response capability (DRED) to help reduce overall power consumption at critical peak load times\*\*.

#### Quiet Operation

Designed to keep noise levels to a minimum without affecting performance, thanks to a cleverly designed air tunnel optimised to deliver better air distribution.

#### Fresh Function

Every time the unit is turned off, a 3 minute cleaning cycle is run, keeping the indoor unit free of excess moisture. This helps extend life of the unit whilst ensuring optimum performance and hygiene.

#### Timers

A delay ON or OFF timer allows you to select a period of time (from 30 minutes to 24 hours), the unit will turn either on or off depending on its current status.

7-day programmable timer also available and can be operated via an iOS or Android Wi-Fi App for added functionality and control.

#### Self-Cleaning Function

End of season cleaning process dries the inside of the unit, ensuring its free from mould, bacteria and dust during extended periods of non-use.

#### Installed in a flash

Thoughtfully designed to ensure ease of installation, significantly reducing install time and costs.

#### Sleep Mode

The J Series intelligent sleep mode operates on a two-way temperature control that modulates up and down to mimic outside ambient temperatures, ensuring a comfortable sleep.

#### Self-Diagnosis Function

In the unlikely event that there is a fault, the system will switch off automatically to protect itself, determine what is at fault and the indoor will display the relevant error code to diagnose exactly what has gone wrong.

## Rinnai J Series Selection Guide

EXPOSED ASPECT	FLOOR AREA SQUARE METRES (2.6m Ceiling)	AVERAGE ASPECT	FLOOR AREA SQUARE METRES (2.6m Ceiling)	PROTECTED ASPECT
<ul style="list-style-type: none"> <li>Strong afternoon sun, little or no external shade</li> <li>Weatherboard, fibro or brick veneer walls</li> <li>No ceiling insulation</li> <li>Large or west facing windows</li> <li>Little or no protection from the sun</li> </ul>	▼	<ul style="list-style-type: none"> <li>North facing, some external shade</li> <li>Brick veneer, or double brick</li> <li>Ceiling insulation</li> <li>Average size windows with some shading</li> </ul>	▼	<ul style="list-style-type: none"> <li>South facing aspect</li> <li>Will have shaded walls and windows all year</li> <li>Brick veneer or double brick</li> <li>Ceiling insulation</li> <li>Average size windows, little or no direct sun</li> </ul>
